Dear Families,

Welcome to the Ivy League Sports & Recreation Program. Our program offers a wide variety of developmentally appropriate activities. The staff and I hold as our primary concern your child's health and safety. We want you to know that our goal is to provide the highest quality Programming and educational experience for your child.

We look forward to working with you this year. On the following pages you will find a registration packet. Please include with the packet, a health examination (Copy of School Physical). Please fill out all forms completely before the first day of your child starting the program. Payments by check should include child's first and last name, and the week/month in which the payment is to be applied towards. Payments for before and after school programs are due the week before children attend.

Your child will need to be signed in and out every day. A staff member will always release your child to a school attendant before school and will be expecting all program registrants after school. If we are expecting your child **after** school and they will not be attending please call and let us know. We look for all children who are expected and do not show up. Safety and security is a primary concern at Ivy League.

Sincerely,

Jackie Evans

Executive Director

Field Trips - [Days off programming]

Field trips and outings are a carefully supervised part of our program. Field trips are planned and parents will be notified ahead of time. Outings such as public parks or public facilities may be taken without previous planning. Transportation is provided by either ROL Community Rec Center Vehicles, a state certified Bus Co., and on occasion an employee vehicle. My child has permission to go on outings as part of the Ivy League program.

Photography

Photos and movies are sometimes taken for use within the program for educational purposes. Occasionally these or other pictures may be used for newspaper stories about the program or other educational purposes. Whenever possible this will be cleared with the parents, but this is sometimes difficult or impossible in cases where pictures contain a large group of children or are used several years after they are taken. I give my permission for my child's picture to be used for educational purposes or stories done about the center activities.

Sports & Recreation

I understand that the ROL Recreation Center and all of its programs are not a daycare facility or program. I understand that the ROL Recreation Center and all of its programs are intended to support the spiritual, mental and physical well being of individuals and families in order to improve their quality of life. To achieve this mission, we will provide quality programs to meet the diverse needs of individuals, families' neighborhoods and communities. I declare my child to be physically sound, having medical approval to participate in the activities of the Ivy League Sports and Recreation Program.

Guidance And Discipline

Because a key goal of the program is to help children develop positive self-esteem, build trust in the world around them and develop autonomy and pride in their work, a positive guidance approach is used. A supportive, nurturing environment with caring adults is the first step in the development of inner control and appropriate behavior. All actions are taken to help a child determine alternatives to solving problems between peers or to discuss problems arising out of human interactions or disputes arising out of misconceptions or expectations not being met.

Discipline will be carried out in such a manner that children will learn to develop a sense of acceptable behavior, a guideline for developing self-control, and an understanding of behaviors that are expected of each individual while part of a group. There will be a set of five rules, which all persons in the program will be expected to adhere to. This will include staff and parents. The five rules are:

- 1. No one may hurt or intimidate another person or be the cause of another to be fearful, through verbal, physical or the use of gestures.**
- 2. No one may place themselves in a dangerous situation or be the cause of jeopardizing the health or safety of a person.**
- 3. No one may be disrespectful of another persons' sense of self or use unacceptable language.**
- 4. No one will cause damage or deface the equipment or personal belongings of another person or the facilities used by the program.**
- 5. No one may refuse to follow the rules or disregard them.**

Acceptable Disciplinary Actions are as Follows:

- 1. A child will be given a set of alternatives, which they may choose from to correct or help to make better the situation.**
- 2. If needed the child will be given a time out. (No longer than 1 minute per number of years of a child's age.)**
- 3. If more than one time out is needed in a given week parents will be verbally notified.**
- 4. If more than two time outs are needed in a given week a written behavioral report will be given to the parent and put in the child's file.**
- 5. In cases of aggressive behavior, the child will be removed from the situation as quickly and safely as possible to prevent further harm to the person involved.**

All disruptive behavior will be documented with a copy given to the parent of the child involved. Should disruptive behavior continue, the parent, child and staff member will set up a discussion time to find an agreeable solution or method for handling any further incidents. However, should the situation be found that the program is not suited to the child's needs or that the staff cannot handle the behaviors effectively, the child can be referred for professional help. Guidelines will be given professionally as to how to help the child in further situations and will be carried out unless the behavior management needs are a burden to the fiscal resources of the center, staff time or infringe on the ability of others in the program to enjoy the program without hindrance.

The circumstances, which will terminate participation of services for a child due to behavior, can be:

1. Non-compliance with the five rules on a consistent basis.
2. Severe, uncontrollable, aggressive behavior with one or more incidents per week.
3. Inappropriate behavior or language on a consistent basis.
4. Repeated incidents which are a burden for staff to handle and allowing for effective supervision of the others or which may infringe upon the rights of others to participate.

Should your child be terminated from the program, refunds will not be given for any part of the current week or following week after termination.

I have read the above discipline procedures and agree to abide by them.

ProCare ID Codes

ROL Youth Foundation has updated our computer program to ProCare. We believe that with this switch we will be able to better service you. The new sign in and sign out method will be through the computer. You will have to enter an identification code to sign in and out your child. The identification code will be set up as any combination of four numbers and/or letters (ex. 45B2 or 123E). The only exception will be that you will not be allowed to use the letter E followed by 3 numbers due to the fact that we use that setup for employees. The ID Code must be different for mom, dad, and anyone else authorized to pick up your child. If you were enrolled in our Summer Camp Program you may keep you current ID Codes.
